

**ARTICULATION AGREEMENT
BETWEEN
The State University of New York at Cobleskill
AND
ROSS UNIVERSITY SCHOOL OF VETERINARY MEDICINE**

This Agreement is made by and between the State University of New York at Cobleskill (SUNY Cobleskill), with its principal office located at 106 Suffolk Circle, Knapp Hall, Room 205, Cobleskill, New York 12043 and Ross University School of Veterinary Medicine (RUSVM), with administrative offices located at 630 US Highway 1 North, Suite 2031, North Brunswick, NJ, 08902. RUSVM agrees to allow SUNY Cobleskill to post RUSVM logos on their campus.

This Agreement is effective beginning 9/1/19.

I. RECITALS

WHEREAS, RUSVM is an educational institution maintaining a campus in Basseterre, St. Kitts and offering a Doctor of Veterinary Medicine degree program;

WHEREAS, SUNY Cobleskill is an undergraduate institution of higher education offering a variety of health care programs for residents of NY and other US states.

WHEREAS, RUSVM and SUNY Cobleskill share a mutual goal of ensuring excellence in veterinary medical education;

WHEREAS, the parties are interested in establishing a program through which a certain number of SUNY Cobleskill students will be able to transfer seamlessly into the Doctor of Veterinary Medicine degree program ("Program");

NOW, THEREFORE, in consideration of the mutual covenants and promises set forth herein and for other good and valuable consideration, the receipt and sufficiency of which are acknowledged, RUSVM and SUNY Cobleskill hereby agree as follows:

II. PURPOSE

SUNY Cobleskill and Ross University School of Veterinary Medicine agree to cooperate in providing undergraduate/professional school education leading to the baccalaureate degree from SUNY Cobleskill and the Doctor of Veterinary Medicine degree from the RUSVM. The first phase (undergraduate) of the collaborative program will consist of the completion of a minimum of a Bachelor of Science degree at SUNY Cobleskill. Under certain conditions and after completing specific courses approved by SUNY Cobleskill and RUSVM, a student may be able to shorten the period of undergraduate education. The shortened pathway through the program must be made with prior approval of both Parties.

Under this agreement, the student would first receive a baccalaureate degree from SUNY Cobleskill and upon approval of the RUSVM, the student will complete professional study and the requirements for the

DVM program offered at RUSVM. Choosing this Program provides the opportunity of a smooth transition between the student's undergraduate experience and graduate veterinary training. A bachelor's degree is completed at UTM and ten semesters are spent at RUSVM. To participate, the student would need to apply formally to the DVM program through the RUSVM online application or the VMCAS application service.

RUSVM will designate 4 seat(s) in each RUSVM semester class for eligible students during the admissions process. Student applicants are subject to all published timelines and due dates for the application process.

RUSVM will work to provide the SUNY Cobleskill with data identifying alumni who have enrolled or graduated from RUSVM. RUSVM will work to obtain alumni consent to disclosure such information at least once per year or upon request.

VIII. CONFIDENTIAL INFORMATION

As used herein, the term "Confidential Information" shall mean all information provided by one party to the other in connection with the Program or this Agreement, whether said information is communicated orally, in writing or in electronic format and regardless of whether it was disclosed before or after the parties' formal execution of the Agreement.
