
AGRN 450 Bachelor Degree Internship Program Student Learning Outcomes & Objectives and Activities

Internship Student Learning Outcomes AGRN 450:

- Demonstrate competency in diverse crop production practices including identification and sustainable management of weeds, insect pests, diseases, and nutrient deficiencies in crop production systems
- Ability to identify, analyze and evaluate problems as they occur in the workplace and assist in developing well-reasoned solutions
- Demonstrate competency in applied mathematics as related to crop production.
- Demonstrate competency in written and oral communications including self-reflections (internship reporting) on experiences and professional growth.
- Demonstrate a strong work ethic including attentiveness, punctuality, and observational skills.
- Effectively collaborate with team members, supervisors and/or customers.
- Demonstrate self-direction and initiative in performing assigned duties.

Internship Objectives and Activities Instructions:

1. Please review the outcomes above with the Faculty Supervisor.
2. **In a new document**, list objectives of your internship and the specific activities to be completed. Indicate approximate amount of time to be devoted to each activity. Be as specific as possible. (The Faculty Supervisor will provide guidance in initial preparation of this section with input from the Site Supervisor.)
3. Once completed and approved by your faculty supervisor, please attach **this form AND your typed document** (Word or PDF document required) to the Internship Learning Agreement (ILA). *Please do not attach and submit this document until everyone agrees to the objectives and activities you've provided.*

For help completing this task or with the internship registration process please email internships@cobleskill.edu
